# GIT Info Sheet

## We can consider cover for the following non-standard risks:

- Plant and machinery cover up to £250k, higher levels will be considered subject to referral.
- Tailored wording and specific cover for larger contractors such as Hansons, Maritime & P&O Ferrymasters.
- Increased RHA limits.
- Carriage of cars, caravans & boats.
- Carriage of alcohol.
- Carriage of Livestock.
- Thief attractive goods.
- Hazardous goods.
- Drum cover and solidification for concrete mixers.
- GIT only policy.
- Trailer cover where this isn't covered under the commercial motor policy.

Please note clients may have to meet certain criteria before we could consider.

## Information:

Deterioration of Stock – If you have a client that transports temperature controlled goods such as food this cover may be required.

Operator's Licence – If your client operates a vehicle with a gross vehicle weight over 3.5T they will require an operator's licence.

Please note: We are not able to consider liability cover in isolation.

Please be advised the policy automatically includes:

- UK CMR Cover £300,000 any one vehicle.
- Legal costs for which you are legally liable for which the insurers agree to pay in respect of a valid claim.
- Consequential Loss up to £250,000 any one event.
- Own goods cover up to £5,000 – e.g. Tarpaulins, sheets, trailer curtains, ropes, chains, webbing straps, packing material and similar items.
- Errors & Omissions cover up to £100,000 – subject to conditions.
- Strike & road block cover up to £300 per day / £5,000 any one event.
